

Dear Thriller,

Thank you for purchasing Thrill The World's Thriller Teaching Videos DVD. This is the choreography what ALL Thrill The World events will use on October 25/26, 2008. We hope that you enjoy your purchase as much as we enjoyed making it!

I recommend watching the videos in the order that they are laid out. Yes, I know, it looks like A LOT OF VIDEOS but most are only 15-20 seconds long and you won't have to watch most of them more than once. The reason there are so many clips is that I wanted to set it up so that if you wanted to re-watch only this one little part you could select it instead of fast forwarding and rewinding trying to find the place.

I also recommend saying the words, as is explained in the "Watch This First" clip. Hundreds of thousands of people have used these videos to learn the dance to "Thriller" and they tell me that it's the WORDS that made it easy for them. Give it a try! If you don't like the word then just copy the movements visually, but if you DO learn the words you will likely still know the dance 20, 30, 40+ years from now! ;)

Thrill The World is a grassroots movement. We exist thanks to the time and labour that countless people have put in to creating the project. It's a global family!

Since you're already learning the dance, please consider starting an event in your city, workplace or school! Many Event Managers who had never danced learned from these Teaching Videos and went on to teach other people! Just say what I say on the videos and pretend to be me! ;) Once you know the steps and words you can pass on the dance to everyone you know!

Correction: When we were filming, we said that there were "TTW mp3s on this DVD". Unfortunately, in editing, we were not able to put the mp3s directly onto this DVD. Please go to www.thrilltheworld.com/learn/audio to download the TTW mp3s.
